

The Fête Champêtre

by the Armand-Frappier Foundation

Just as the Impressionists brought their paintings to life through layers of brushstrokes, research advances through the collective power of countless actions and talents. Each researcher, each student, each discovery, each donation, and each collaboration adds its own color to the canvas of the Armand-Frappier Foundation.

For its 32nd edition, the Fête Champêtre celebrates this living work of art ; one that we create together, color by color, to move health research forward.

To celebrate the groundbreaking research conducted by the teams at the Centre Armand-Frappier Santé Biotechnologie in style, this memorable evening will bring together influential members of the Greater Montreal business community, committed philanthropists, as well as researchers from the Centre, all united by a shared ambition: supporting research in health.

Your generosity is the driving force behind our mission. By taking part in this momentous evening, you will help fund innovative projects in essential areas such as neurodegenerative diseases, infections, cancer and much more—all while supporting the training of the next generation of scientists.

The 32nd edition of the Fête Champêtre will take place on June 4th, 2026. We look forward to the pleasure of having you among us!
